MEXICAN VISIT CONSIDERED BY SEN. HARDING

Urgent Request From General Obregon Is Received.

MAY VISIT PORT

President-elect Leaves Texas Wednesday On Trip.

Brownsville, Texas, Nov. 17.—President-elect Harding today is considering a most urgent invitation to visit Mexico to confer with General Obregon, president-elect of the Mexican republic but thus far he has given no intimation of his intentions with regard to the proposed Mexican visit. Conjecture ran high here today concerning the proposed visit and most of the sentiment along the border was that it would be very desirable if Senator Harding could see his way clear to accept the invitation extended yesterday by Elias Torres, representative of General Obregon. Border folks feel that any friendliness evidenced by President-elect Harding would lend stability to the present regime in Mexico and might offset a reported under current of opposition to the present government.

In the Harding party there were some who unofficially were of the opinion that Senator Harding might see fit to stop at a Mexican port for a short visit, although it was pointed out that he had more than once stated on this trip that he would not touch foreign soil.

Declined Invitation.

It was also pointed out that the senator had declined an invitation to visit Venezuela and has not yet definitely accepted any invitation to visit the city of Panama. He has refused to cross the Mexican border while in Texas, although he has been beseeched by prominent Mexicans. There was also interest in any comment that might come from Washington on the suggested visit.

Pressure being brought to bear upon Senator Harding to accept the Mexican invitation is very strong. Senator Albert Fall of New Mexico, has endorsed the invitation and he is a close friend of the president-elect, although their opinions on Mexican affairs have frequently differed in the senate. The suggested stop in Mexico if the president-elect should accept depends also on the ability of the steamship company to arrange such a stop and reach Norfolk on December 4 for it is necessary for the president-elect to be in that port on that date in order to keep a speaking engagement on December 5.

Sen. aHrding on leaving Texas today had no plans for rear end speeches but reports received indicate there will be large delegations along the route and it is expected the senator will find it impossible to refrain from making a few speeches of greetings.

NEARLY FOUR BILLION SPENT IN BUILDING SHIPS FOR AMERICA

New York, Nov. 17.—The United States Shipping Board expended nearly $4,000,000,000 on America's ship building program and earned nearly $400'000,000 by its operation of government owned vessels, but it had no system of accounting for the stupendous sums and up to Feb. 27, 1920, never knew where it stood financially, according to the testimony offered the congressional investigating committee by Martin J. Gillen of Racine, Wis. Gillen was formerly associated with the war industries board and was special assistant to John Barton Payne when he was head of the shipping board.

Gillen citied one instance where private shipping companies derived $120,000,000 from the operation of government owned ships which he said, became "lost" so that there was no record of it at Washington. Private shipping companies so tangled their accounts that the shipping board had no accurate idea of whether there had been a profit or loss on the operation of its ships, Gillen testified.

HOME MADE BREW TOO MUCH; GOES HOUSE WRECKING

Columbus, O., Nov. 17.—Two and a half ponts of home made wine was sponsible for Albert Gross's stew.

Then it occurred to him that he had fewer rights in his own home "than the family poodle"—at least, that is what he told the arresting officers.

He decided to dsplay resentment.

And he did.

He smashed dishes and glassware into a heap in the middle of the floor, yanked pictures from the walls, smashed the frames and tore the pictures into bits, broke up furniture, and twisted a chandelier out of shape, the policemen testified.

GETS $10,000 JOB

Joseph Tumulty

It has been learned at Democratic headquarters in New York that Joseph P. Tumulty President Wilson's secretary is to be appointed Chief Judge of the United States Court of Customs Appeals. The appointment is for life at an annual salary of $10,000. The court sits at Washington which may explain Tumulty's purchase of the old Sheppard mansion at Washington. Tumulty was admitted to the bar in 1902 and has been Mr. Wilson's secretary since the President was Governor of New Jersey.

DRASTIC MEASURES TO RESTRICT U. S. IMMIGRATION UP

May Put Stop To Practice Altogether, Now Report.

New York, Nov. 17.—Stringent measures to restrict immigration if not stopping it altogether, were forecast here today as a result of an inspection trip over Ellis Island by members of the house immigration committee. The next congress will undoubtedly take some drastic action, according to Rep. Albert Johnson of Washington, chairman of the committee.

Rep. Johnson characterized conditions as "appalling" and "staggering." Unless something is done, he said, Europe will dump on our shores next year 10,000,000 immigrants, some impoverished, some diseased, and many who would become a menace to the nation's health.

One restrictive measure which Rep. Johnson has in mind is a bill limiting entrance to mothers, fathers, wives and unmarried children of these foreigners who are already here, and naturalized.

Johnson said he saw more than a thousand immigrants at Ellis Island who had less than one dollar each on the average. He expressed amazement that these penniless people could have secured passports from American consuls abroad.

PRICE DECLINE IN CROPS DUE TO CONSPIRACY

Charge Made By President Of Farmers' National Congress.

BLAMES GAMBLERS

Declares Grain Speculators and Captains of Finance Guilty.

Columbus O., Nov. 17.—That "a well organized conspiracy on the part of grain gamblers and some of the captains of finance" is responsible for the decline of prices of farm products is the claim made by O. G. Smith, of Nebraska, president of the Farmers National Congress.

Delivering his annual address at the convention which the congress is holding here, President Smith expressed the hope that "the United States congress will endorse farmers in their refusal to sell their products at a loss."

Judging from statements made by delegates, they expect the American Farm Bureau Federation to remedy the situation by inducing congress to enact legislation helpful to the farmers and by getting the administration at Washington to pursue a policy beneficial to the agricultural interests of the nation.

These delegates voiced their belief that the influence of the federation is sufficiently powerful to effect a readjustment of conditions and to prepent a recurrence.

Talk Decline.

The chief topic of conversation among the delegates is the continuing decline in prices of grain, livestock, and farm products. These farmers declare they are not being adequately paid for their high priced seed, labor, implements, fertilizer and soil consummed in raising their crops.

"I am firmly convinced that the American farm bureau federation is the organization through which all individual farmers, as well as all organizations, can speak as one voice," continued President Smith. "It will be only a few months before the entire grain belt will be put on a paid membership basis, with funds to make its influence felt."

Passage of the French bill, requiring labeling of woolen goods as to virgin wool content and the Kenyon bill, to control meat packers were urged by President Smith. He favored, also restriction of immigration dismissal of Immigration Commissioner Post and lauded the Americanization activities of the American Legion.

He condemned the Nolan bill which seeks to levy a 1 percent tax on farm values in excess of $10,000.

HAD IT OUTSIDE AND IN

Uhrichsville, Nov. 17.—The collision of his automobile with the car driven by T. J. Evans, cost Floyd Mathers, Wheeling, $300 and costs, imposed by Mayor W. W. Keepers. One hundred was for being drunk while driving the car and $200 for transporting 240 bottles of real beer.

GIRL IS FOUND

Miss Betty Whitney

"Lost in a great city" is the only explanation that Miss Betty Whitney, pretty twenty four year old blonde of Kansas City Mo., could offer when she was found by the New York police after she had been reported missing for two days. Miss Whitney had been living at White Plains ,but went to New York City to engage a hotel room for the Winter. She lost her way and said she wandered for two days.

HUNT FOR BANDITS WHO TRIED TO ROB TRAIN IS BEGUN

Train Crew Puts To Flight Would-Be Robbers In the West.

Denver, Nov. 17.—Police and railroad detectives early today were scouring the countryside east of this city in search of train bandits who foiled in an attempt to hold up Rock Island passenger train No. 6, east bound for Kansas City and Chicago, last night. The Rock Island train which was running over Union Pacific tracks, was flagged at Sandow, a small station six miles east of Denver. A brakeman with a shotgun fired upon the bandits as they started to board the mail car as the train came to a halt. Other members of the train crew joined the brakeman and a score of shots were exchanged with the robbers as they fled in a high powered automobile.

Two pullman cars of Union Pacific train No. 114 which left Denver for Kansas City 30 minutes after the Rock Island train over the same route were derailed at the scene of the attempted hold up short after the Rock Island train had proceeded on its way. Many passengers were shaken up but none seriously hurt. It is believed the derailment was a result of a thrown switch in a second attempt at train robbery.

Denver police reported early today that six men were in the bandit gang but all trace of them had been lost.

FIVE MINERS MEET DEATH AS BLAZE SWEEPS A MINE

Ten Of Sixteen Men Trapped Underground Are Rescued.

Earlington, Ky., Nov. 17.—Five miners were killed in the fire in the Arnold mine near here, it was learned definitely today and another may lose his life.

Ten of the sixteen men who were trapped three miles from the mouth of the mine when fire broke out near the entrance have been rescued. One miner is still imprisoned.

The dead miners are: Roy Carnes, H. M. Perkins, Jack Bond, Alex James and George Andrews, James and Andrews are colored.

ANTI-GERMAN RIOTS BREAK OUT AT PRAGUE

London, Nov. 17.—Anti-German riots have broken out at Prague, capital of Czecho-Slovakia, said an Exchange Telegraph dispatch from Vienna today. A German theater and German newspapers were attacked.

ISSUES STATEMENT

Washington, Nov. 17.— The state department today issued a statement regarding its controversy with Western Union Telegraph company over the rates and payment for department messages in which it declared it would decline to prepay its messages and that it cannot permit the Western Union to charge this government double the rates charged other government for similar service.

CRUSHING BLOW AT UKRAINIANS BRINGS DEFEAT

Moscow Claims Great Victory For Soviet Forces.

THREAT PUBLISHED

Russia Presents Ultimatum To the Polish Officials.

Constantinople, Nov. 17.—General Wrangel who arrived here from Sebastopol upon the Russian ship Korniloff is exhausted from his heavy labors on the Crimean battle front.

Forty thousand refugees have arrived from Crimea upon French warships. The last French cruiser to leave Sebastopol was the Waldeck Rousseau. She came into port crowded with fugitives and wounded.

London, Nov. 17.—Moscow newspapers claim that the soviet army has won a great victory over the Ukrainian army of Gen. Petlura, annihilating three divisions, according to a Central News dispatch from Copenhagen today.

Gen. Petlura's campaign against the soviet Russians was begun before the collapse of General Wrangel's army. Petulura's forces moved through Ukrania and began to go to the Crimean front when the Wrangel forces were crushed in northern Crimea.

Riga, Nov. 17.—Charging that the Poles are giving support to the forces under General Balahovitch, General Savinkoff and General Petlura that are advancing into Russian territory, soviet Russia is threatening to send an army to clear all Russian soil and the neutral zone between soviet Russia and Poland of hostile troops. This threat was made by M. Joffe, head of the soviet Russian peace delegation at a meeting of the Russo-Polish envoys in this city.

The Polish envoys promised to withdraw at once the Polish factions that are with Geneva Balahoviteh, General Savinkoff and Gen. Petlura.

There are "white" Russian, Polish and Ukrainian troops fighting under Gen. Balahovitch, Gen. Savinkoff and Gen. Perlura. According to advices received on Sunday some of the troops were advancing into white Russia in the region of Minsk and others were advancing through Ukrainia.

SEVEN INCH SNOW FALL RECORDED IN AKRON WEDNESDAY

No Precedent For Early Snow Fall Is On Record.

Akron, Nov. 17—All weather records were shattered here when the populace awoke this morning to find a seven inch blanket of snow covering mother earth, having fallen during the evening and last night.

Srteet cars were operated all night to keep traffic open to carry the workmen to their work on time today.

Snow storms, while not uncommon here, never have occurred before on November 16-17, according to a statement of Professor Olin, of the Akron university. Usually so the record shows, snow begins to fall a few days prior to Christmas in this section.

DEATH CLAIMS AGED CLINTON COUNTIAN

Mrs. Mary Ellen Peelle aged resident of Clinton County, died Wednesday morning at 4 o'clock at her son's home John B. Peelle, near the Grassy Run Church. Mrs. Peelle who was 81 years of age, had been ill only a short time.

Mrs. Peelle is survived by one daughter and two sons, Mrs. Margaret Briggs of Jamestown, Elija Peelle and John Peelle, both of Wilmington.

The funeral services will be held at the Grassy Run Church, Friday morning.

MILK FLOODS STREET IN NEW YORK CITY

New York, Nov. 17—Residents in vicinity of Lafayette and Fulton streets, Brooklyn, almost washed away in a sea of milk today. A motor truck carrying 2,500 quarts of milk had a collision with a taxicab and the entire lot was spilled into the street. The gutters ran white and all the cats in the neighborhood forgot their backfence enmities and gathered in peaceful conclave.

CONDUCTS PROBE

Representative Joseph Walsh, of Massachusetts, chairman of the Congressional Investigating Committee probing the ship scandal. Sensational disclosures of graft and extravagant waste in the operation of the merchant marine of the United States Shipping Board were made at the meeting of the committee recently.

YOUTHS QUESTIONED IN CONNECTION WITH ACTRESSES' DEATHS

Women Thought To Have Perished As Result of Intoxication.

Chicago, Nov. 17.—Marcus Brumberg and Harris Jorgenson, two 19-year-old youths, were to be questioned further today in connection with the death of Marie Ramey and Lillian Thompson, actresses, the finding of whose bodies in Grant Park early Sunday added another to Chicago's list of amazing murder mysteries. Both have confessed that they put the girls out of an automobile at a lonely spot in Grant Park and left them there.

Whiskey and exposure caused the death of the girls rather than violence, the police believe, but the story told by Brumberg and Jorgenson will be checked up from every possible angle.

Meantime Lawrence Jorgenson, a brother of Harris and a man named McCarthy, said to be a cook on a coal boat now enroute to Buffalo, are being sought as a result of stories told by the two men under arrest.

Brumberg and Jorgenson told the police that they were joy riding Saturday night and encountered the two actresses on a North Side street. Both were intoxicated, the men said, and begged to be taken home Jorgenson and Brumberg put them in their car, they said, but the women in their intoxicated condition, were unable to give an understandable address. After driving about a while the men said, the two women were somewhat revived by the night air and began to shout and sing and to insist upon leaving the car. Fearing that the boisterousness of the women would attract attention the youths drove their car into Grant Park they said, and left the women sitting on the wind swept grass along the lake shore.

The phase of the case which the police are most anxious to clear up is the large amount of blood found near the bodies. Jorgenson and Brumberg assert that this came from cuts on the hand of one of the two women received from a broken whiskey bottle which she carried.

DAYTON'S HOPES FOR MORE GAS ARE GONE

Dayton, O., Nov. 17.—Dayton's hope for better gas service went glimmering today when a report of City Manager Barlow and City Attorney McConnaughey was presented the city commission. It says, whether or not more money is paid for gas, an increase supply can not be promised by the company, which at first asked $1 a thousand for the first 1,000, then dropping. Later they asked 75 cents flat. The city officials' report says 50 cents for the first 1,000 with a slight increase over that to stop the use of gas for fuel is plenty. The commission is considering the report.

TEN CENT CAR FARE BEING AGITATED

Mansfield, O., Nov. 17.—A movement to charge ten cent cash fares, has been started by the Richmond Public Service Comany which operates the local street car lines. The company is now charging seven cents for one fair or four ticket for 25 cents. The company is now asking the city council for the privilege of charging ten cents cash or six tickets for 50 cents after Jan. 1, when the present franchise expires. The city council will hold a special meeting to act on the matter soon.

INTERNATIONAL OUTLOOK SAID TO BE GLOOMY

Outcome Of Greek Election Unfavorable To Diplomats.

REFUSE CONSTANTINE

Election Virtual Return Of Former Regime To the Throne.

London, Nov. 17.—The international outlook is pregnant with perils as a result of the outcome of the Greek election which is generally interpreted as a recall of former King Constantine to the Athens throne, according to the Daily Telegraph today.

The diplomatic expert of the Daily Telegraph in analyzing the new European situation created by the Greek election, said:

"The British and French will assuredly not hesitate to declare that they no longer regard Greece as a friendly power if Constantine again becomes the head of the state. The international outlook is pregnant with immediate perils. The Turkish peace treaty (treaty of Sevres) may easily be jeopardized."

Keen regret over the defeat of the Venizelists was expressed by practically all the leadings newspapers.

"We cannot recall since Aristides th. Just a more signal example of popular ingratitude and folly," said the Times. "The Turkish treaty has not yet been ratified and the action of the Greek public may now lead to a modification of public confidence. The allies have received a rude shock."

Will Not Trade.

"Some British firms have already intimated that they will not trade with Greece if former King Constantine returns to the throne." said the Morning Post. "It is possible for the allies to cancel their loans and produce an economic crisis in Greece."

The Daily Chronicle quoted a former Greek court official as saying:

"Greece has called back her exile king and it is obvious that he will lose no time in heeding the call. We believe that Italy will not oppose his return and we feel sure that Premier Lloyd George will not look coldly nor unfavorably upon an appeal to him asking for the restoration of the king of united Greece."

The Daily Graphic printed an unconfirmed report that Premier Venizelos of Greece, who resigned yesterday, had left the country for Egypt, but it was not generally believed.

M. Venizelos is planning to leave Greece to reside in an allied country, according to the Athens correspondent of the Daily Express. The ex-premier has already announced his retirement from politics.

MYSTERY OF $3,500,000 POSTAL ROBBERY IN WEST STILL BAFFLES AUTHORITIES

Postal Inspectors at Work From Score of Cities To Solve Problem.

Omaha, Nov. 17.—Postal inspectors from a score of cities are still at work in Omaha and Council Bluffs today endeavoring to clear up the mystery surrounding the theft from a Chicago, Burlington and Quincy mail car of several sacks of registered mail.

Despite earlier denials the belief is growing that the loot obtained by the robbers will total vast sums. Estimates today run as high as $3,500,000 while the lowest figure mentioned in local newspapers reports is $1.000,000.

The estimate of $3,500,000 has been tentatively confirmed by L. J. Patterson, superintendent of mails, at Council Bluffs, who admitted that the amount might "be pretty close to that."

One sack of mail taken according to reports contained $800,000 in government bonds being sent from San Francisco to Washington.

Merle Phillips, 20 year old postal clerk, who is said to have confessed to acting as a guard for the robbers, is being grilled further by the police. He sticks strongly to his story that he was double-crossed by his "pals" and received none of the loot.

FATE OF ALLEGED SLAYER RESTS WITH JURY IN CLEVELAND

John W. Joyce Will Probably Know Result Wednesday.

Cleveland, O., Nov. 17.—John W. Joyce, now being tried for the murder of Harold C. Kagy, will probably knew his fate before night. With the evidence completed yesterday, there only remains the arguments of opposing counsel and the charge of the judge.

The result of the trial will hinge upon whether the jury accepts the story told by Judge William H. McGannon, chief justice of the Cleveland muncipal court, substantiated by Jesse Holmes as to the actual killing, or whether it accepts the dramatic tale told by the defendant on the witness stand yesterday.

Much evidence has been presented both by prosecution and defense which contradicts statements made by Judge McGannon while he was on the stand. The defense did not summon either "mystery" women as was expected.

PRACTICE IN SNOW.

Columbus, O., Nov. 17.—A practice period marked by forward passing and punting in a driving snow storm was undergone by Ohio State's football team after Coach Wilce had given the men a two hour signal drill in the gymnasium.

Special plans for church work were also made. The hostess served cakes and conserves.

LOCAL SNOW FALL DOES CREDIT TO BEST OF WINTER'S TRICKS

Damp feet, slush, snow shovels, back-ache, spell the disasters in the wake of an early snow storm that swept this county Tuesday.

Trains were running late Tuesday night and Wednesday morning, and traction service was impaired to some extent, but beyond this there was little damage from the fall of "the beautiful."

When the weather man called his signals for a premature snow fall Tuesday morning, the majority of the spectators on the side-lines thought there was going to be a fake play, but they were as far from the truth as Debs is from the presidency.

The snow fall of early Tuesday morning, was no flurrie, though it was greeted under such appellation. When the flakes had continued their activities to the noon-hour, the natives began to sit up and take notice. At even-fall, they had just gotten a good start.

One native said Wednesday that eight inches of snow fell Tuesday. The chap who had to shovel a lot of the snow off the sidewalk said the fall was eight feet deep.

Railroad section men were out bright and early cleaning up the snow but not until train schedules had been sadly impaired by at least several hours in some instances. Telephone companies did not complain of any damage from the storm, however, which fact can be added to the Seven Wonders. City streets were early attacked by cleaners.

GAS COMPANIES FAIL TO AGREE

Columbus, O., Nov. 17.—Gas companies here have fallen out in an effort to induce city council to raise the local gas rate.

The prevailing rate is 30 cents, net, per 1,000 cubic feet.

The Ohio Fuel company, the producing concern, wants not less than a 66 2-3 cent rate. The distributing companies are agreeable to a 50 cent rate.

During hearings being conducted in the council chamber, representatives of the producing company sit on one side of the hall while those of the distributing companies sat on the other side, with councilmen in between.

LEADING STOCKS STRONG AT OPENING

New York, Nov. 17.—The selling movement, which occurred in the late trading was without influence on the tone at the opening of the stock market today, the leading stocks again being strong and although there were some mixed changes at the opening, advances were general in the first few minutes. Southern Pacific was one of the most active features, moving up over 1 point to 112 1-4 and Mexican Petroleum rose 1 5-8 to above 165.

BREAD COMES DOWN IN PRICE ONE CENT

Columbus, O., Nov. 17.—Reduced prices for flour is assigned as the reason for the reduction effective today, in the price of 24 ounce bread loaves to 12 cents from 13 cents announced by a chain of groceries here. The 12 ounce loaf remains at 6 cents.

RABBITS HIGH

Newark, O., Nov. 17.—Rabbits are selling in the local market from a dollar and quarter to two dollars apiece. This is the highest price ever charged here.

SLEIGHS ARE OUT

Newark, O., Nov. 17.—A heavy fall of snow last night brought out the first sleighs of the season this morning.

MASONIC CLUB PARTY TUESDAY IS WELL ATTENDED

Between 200 and 300 members of the Masonic Club, their wives and friends, were entertained at the Masonic Hall Tuesday evening at one of the most entertaining of the numerous Masonic Club affairs, ever held.

Judge Roland W. Baggott, judge of the juvenile court of Dayton, and Miss Mildred Morrisson, soprano and reader of that city, were the entertainers. Judge Baggott, who has appeared many times before Masonic Club audiences and Miss Morrison are forming an independent lyceum company, with the aid of a pianist from Dayton, and their program offered Tuesday night was on the same standard as chautauqua performances.

His years of experience on the juvenile bench at Dayton, enables Judg Baggott to give an interesting and entertaining talk, in which he portrays scenes from the juvenile court and pictures the people with their troubles, who come before him.

Miss Stella Bishop, of this city, filled the place of accompanist due to the inability of Miss Morrisson's accompanist to attend, and Miss Morrisson was well pleased with her work.

Refreshments of sandwiches, coffee, and cake were served by Jacob Kany.

POLICIES OF FOREIGN NATIONS IN OIL WORK CENSURED

Attempt To Restrict Exploitation Of Oil Fields Rapped.

Washington, Nov. 17.—Vigorous opposition was voiced today by delegates to the American Petroleum institute to the policies of foreign nations including Great Britain and France in attempting to restrict exploitation of oil fields in various parts of the world to their own nationals.

Petroleum production, the American representatives declared, was one of the great world problems of today. They emphasized the fact that from this time on with the tremendous increase in the demand for oil, production in the United States will play a lesser part in the world's needs and American producers must look to decelopment of other fields to supplement the domestic supply.

They asserted these advances into foreign fields should not be hampered but should be open to all and not reserved for the exclusive advantage of any particular group of government.

The field in America, they pointed out has been free to all and they evidenced a determination to oppose any restriction that would hamper the advance of American capital in foreign fields.

The meeting of the institute was opened this morning with President Thomas O'Donnel presiding. After addresses of welcome the delegates separated into group meeting where technical questions dealing with taxation, transportation, statistics, testing methods, laws and efficient utilization of petroleum products were discussed.

NO LACK OF GAS FELT IN XENIA

Despite the evidently heavy demand for gas during the recent cold spell, the pressure gauge in the office of the Ohio Fuel Supply Company here, shows that pressure for this city is still at normal.

Warnings sent out by the gas company stating that the supply was limited and that it would be necessary to practice economy in the use of the fuel, have arounsed many consumers to supply themselves with other means of hating while those who have not done so, are fearful that an extended cold spell would deplete the supply.

That there is no slackening in the pressure due to the recent cold weather, can be taken as good news by these consumers. Xenia has already been favored in its supply of gas, there being no fuel famine here even while other cities are suffering, and every effort will be made by the company to supply sufficient gas to this territory during the coming winter.

PRESIDENT WILSON SENDS MESSAGE TO LEAGUE OF NATIONS

Washington Nov. 17.—President Wilson today sent the following message to the Assembly of the League of Nations:

"Hon. Paul Hymans,

"President of the Assembly of the League of Nations,

"Geneva, Switzerland:

"The greetings so graciously sent to me by the Assembly of the League of Nations through you has gratified me very deeply indeed. I am indeed proud to be considered to have played any part in promoting the concord of nations with the establishment of such an instrumentality as the League to the increasingly usefulness and success of which I look forward with perfect confidence.

"Permit me to extend my personal greetings to the Assembly, if they will be gracious enough to receive them, together with an expression of my hope and belief that their labors will be of immense value to the whole civilized world.

(Signed) "WOODROW WILSON."

This message was in reply to the message received by the president today from Paul Hymans, president of the League of Nations Assembly. The text of Mr. Hyman's message follows:

"President Wilson, Washington D. C., U. S. A.

"The Assembly of the League of Nations has by unanimous vote directed me to send you its warmest greetings and to express its earnest wishes that you may speedily be restored to complete health. The assembly recognizes that you have done perhaps more than any other man to lay the foundations of the League. It feels confident that the present meeting will greatly advance those principles of co-operation between all nations which you have done so much to promote.

(Signed) "PAUL HYMANS."
President of the Assembly.

MARION REPORTS 10 INCHES OF SNOW

Marion, O., Nov. 17.—More than ten inches of snow fell here late yesternoon and throughout last night. Schools were not opened until noon today on account of the city's failure to get the municipal snow plows at work. Local street and interurban cars were tied up last night, but were operating this morning. In the local railroad yards many trains were stalled.

COMMITTEE BEGINS ITS INVESTIGATION

Washington, Nov. 17.—The Committee of One Hundred constituted to investigate conditions in Ireland began its functions in Washington this morning with a preliminary session of a sub-committee presided over by Frederick C. Howe.

The first two witnesses to be examined will be Dennis Morgan of Thurles, Ireland, and John Derham, acting mayor of Balbriggan, Ireland, who arrived early today. They will testify tomorrow morning.

COLUMBUS AWAKENS TO HEAVY SNOW

Columbus Nov. 17.—One of the worst mid-November snowstorms ever occurring here was experienced this morning. The snowfall reached eight inches, weather bureau officials said.

It was midforenoon before street cars were running on normal schedule, although sweepers were in operation all night. Interurban and steam road trains operating within the state were slighily running behind schedule.

A 13 inch snow was reported from Upper Sandusky.

Goitre Reduced 3 Inches

For This Tippecanoe Lady, by External Remedy.

Note: It would be illegal to publish these statements if they were not true

This article was copied from the Tippecanoe Herald: "Mrs. F. W. Baumgardner, this city, says: "My goitre, which has been growing for 8 years, has been reduced 3 inches by Sorbol Quadruple. It made me so nervous and injured my health that I could not do my house work for three years. I now do my work, and the nervousness and choking have almost gone. People who know me think it almost a miracle. You may use my name if you wish."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

THIS TRAVELING MAN TELLS VERY USEFUL STORY

Points Out How He Became Able to Eat the Kind of Food He Likes.

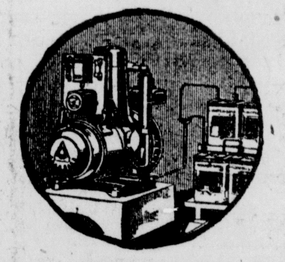

Knights of the grip find it hard to keep the stomach right, what with bad cooking and irregular meals. This Baltimore man seems to have suffered a lot until he began to take Dr. Jackson's Digestive and Liver Powder. Then it was different. He says:

"I have taken Dr. Jackson's Digestive and Liver Powder and it is doing me a lot of good. Being a traveling man I find it helps me to eat what I like and I will always recommend it among other men who suffer the way I did with my stomach."

A. HUSSMAN,
Baltimore, Md.

"Go thou and do likewise." Don't keep on suffering when Dr. Jackson's Digestive and Liver Powder is waiting for you at Sayre & Hemphill's drug store—waiting to give you relief and comfort and health. Your dollar back if it does not do this.

DISTRESSING DETAILS OF THE CHINESE FAMINE EMPHASIZES RED CROSS ROLL CALL.

The fourth Red Cross Roll Call is now being held, and will continue until the 25th of this month.

Just at the time of this roll call comes most distressing news from China to make clear the need of maintaining the Red Cross and its organization in all its efficiency. In the northern part of China, in the provinces of Chihli, Honan, Shantung and Shansi there is a dreadful drought, the extent of which is hard to overstate. The region is one drained by the Yellow river, which at times has overflowed its banks, and has thus been destructive. But this year the famine is brought about by a lack of water. There has not been more than three inches of rain in that region in twelve months. The meager harvest of last year has been followed by an almost complete failure of the spring and autumn crops for this year. The famine will affect at least 20,000,000 of people. Whole districts of people are living on weeds, leaves of trees and bran. Complete demoralization prevails. There are authenticated cases of families who have committed suicide all together.

The crops do not average for the entire year more than 8 per cent of the normal. The chairman of the Pekin Chapter of the American Red Cross says that many trainloads of famine refugees have been turned back from Manchuria and are facing slow starvation in Tientsin. China has been in a condition of threatening unrest. This famine is not likely to allay matters.

The last great famine in China was that of Kaingpeh, in 1906. It covered an area of 40,000 square miles and involved some 10,000,000 people; but this one, so far as it can be calculated, exceeds in its extent 100,000 square miles, affecting possibly 25,000,000 people. An earlier Chinese famine of 1878 resulted in the death of between 9,000,000 and 11,000,000 people.

The government of China has asked the European powers to consent to an increase in the import duties in order that a fund may be created to meet the necessities. The people of the various cities of China are raising private funds, and a tax is proposed by the government upon the salaries of its officials.

The United States minister has telegraphed the State Department confirming these alarming reports. He says that many of the inhabitants are selling their household effects at famine prices and emigrating from their districts.

It is estimated that the amount of money required to save the situation will be from $100,000,000 to two hundred million dollars. This is needed not only to keep alive those whom famine will otherwise carry off, but it is to enable farmers to secure the seed with which to plant the crops for next year. Nothing could with more emphasis prove the necessity for maintaining the Red Cross in all its strength and power for good than such a disaster as this. It has the organization, it has the confidence of the public and it knows what to do. It can by its aid materially help these poor, suffering people and strengthen the bond between us and China.

Let all hearken to the roll call and answer.

JUST THE NAME OF HAVING BEEN PRESIDENT OF THE UNITED STATES WORTH BIG MONEY.

People are much interested in what Mr. Woodrow Wilson will do with himself after his departure from the White House March 4.

"The most wretched situation in the world is that of an ex-President," said Mr. Cleveland, at the end of his first term. But this view does not bear analysis, inasmuch as a number of our Presidents have pursued existence actively and usefully after leaving the office.

The specter of poverty has haunted the last days of four ex-Presidents—Jefferson, Monroe, Jackson and Grant; but such a thing is impossible in these commercial times, when the mere fact of being an ex-President is worth $50,000 a year to any man. For the prestige conferred by the high office of President has a distinct value in the business and professional world when the White House days are done.

Consider the case of Benjamin Harrison. He had never been financially successful as a lawyer; but, after he left the White House, he could demand and get $10,000 for acting as advocate in a single case. The government paid him $100,000 in a lump for one job which he would have been glad to undertake a few years earlier for a twentieth part of that sum.

Cleveland was a poor man when he came to the White House. But when he left it, after his first term, one of the biggest and most prosperous law firms in New York offered him a partnership, and refereeships gave a rapid bulge to his bank account.

A number of ex-Presidents have taken up literature. John Adams, after his retirement, collected historical data. Grant wrote his memoirs to furnish needed money for his family. Harrison and Cleveland did magazine work at good prices, $500 to $1,000 an article. The stuff they furnished was worth the money, because they were ex-Presidents, if not for any other reason. Roosevelt was a skilled writer; indeed, literature was his profession.

The Leland Stanford University paid Benjamin Harrison $10,000 a year for a dozen lectures annually—not before, but after he was President. When he died his estate was worth $375,000. Roosevelt left one half million.

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

VOCATIONAL CLASSES TO BE CONDUCTED FOR LOCAL FACTORIES

Superintendent Waltz has been successful in having Xenia recognized by the State Board of Education for aid in conducting evening vocational classes, to be held in the local factories for those employed in the Xenia trades and industries.

In connection with Xenia's being recognized Supt. Walz received the following letter Tuesday from the State Board of Education at Columbus:

"The State Board of Education at it's meeting November 15, approved the following recommendation.—that Xenia be aided to the extent of four classes in evening trade instruction, 24 weeks, 2 evenings per week, three dollars for two hours instruction, representing a total cost of $576 which will be the amount of state and federal reimbursements."

A survey has already been made of the Hooven & Allison plant by Supt. Waltz with intention ofg organizin one class or more there. One class in the Builder's Trade will probably be organized at East High School and one at Central High School. There is one class available for some other manufacturing concern. Any company interested in the classes proposed should communicate with Superintendent Waltz.

TONE-TEST RECITAL WILL BE GIVEN

A unique tone-test recital is to be presented at the opera house December 10 by the tenor, Harvey Hindermyer and the Dann Sisters.

Mr. Hindermyer is one of the most enjoyable tenors in the concert field today and he has sung at a number of the principal musical festivals throughout the country. The Dann Sisters are three New England ladies of distinct musical ability. They have also been in concert work for some time and will present numbers especially arranged for violin, piano and cornet.

Admittance to the recital will be by card only. The cards may be secured by application to the J. A. Beatty and Son furniture store under whose auspices the tone-test recital is being arranged.

"TWIN BEDS" PLEASES LOCAL AUDIENCE

Xenians have not had the opportunity to see Madge Kennedy do Blanche Hawkins in "Twin Beds," but if the popular screen and stage star can add anything to the performance as given by Zanina Curzon in this laughable farce at the opera house Tuesday night her ability is indeed of superior variety.

Unlike most farces.. "Twin eds," although it has long been a road vehicle, is just as fresh and appears to be just as popular as in its infancy. Much of the reason for this fact is due no doubt to the capable cast that Clay Lambert presents in the offering from the pen of Salisbury Field and Margaret Mayo.

Zaina Curzon has many personal charms above her capable acting. Joseph Crehan presented a strong characterization as Harry Hawkins but to R. M. D'Angelo went the balance of the applause. The characterization of the Italian tenor was well cast in D'Angelo and his impersonation perfect. Antoinette Rochie as his Amazon wife, also was well cast in her part, while the balance of the company including Callie Van Vliet, Bess Stafford and Bennett Finn, were all that could be asked for in their roles.

The audience was typically Xenian in that it was not as large as it should have been possibly due to the unfavorable weather conditions, and that it was as loud as usual.

WESTERN APPLES SELL AT $18 PER BARREL

What is to be done when quantities of Ohio grown apples this year have rotted on the trees while apples no better from the Pacific coast are now retailing in Ohio at $18 a barrel. This situation will be grappled with at the annual meeting of the American Pomological Society at Columbus from December 1 to 3. It is expected that a more complete grading of Ohio's crop and co-operative marketing amongst producers will be urged. Affiliation with the American Farm Bureau Federation and between state apple growers' associations is also expected to be effected.

Extensive educational exhibits will be made by the agricultural colleges and experiment stations from all over the Middle West. The Ohio Agricultural Experiment Station is expecting to exhibit 100 varieties of fruit, mainly of apples. California will have a large display of grapes and grape products including raisins

Ten student fruit judging teams from the United States and Canada will compete for honors.

During the show, experts will identify without charge, varieties of apples, pears and grapes submitted. Persons sending fruit are requested to offer three specimens, furnish a description of the tree or vine, and the date when the fruit was picked. R. B. Cruickshank, secretary of the Ohio State Horticultural Society at Columbus, is receiving the fruit.

PEACH LEAF CURL SERIOUS; SPRAY URGED

Peach leaf curl has been serious this year in many Ohio peach orchards, where the dormant spray was omitted last winter, or where a miscible oil was used in place of lime-sulphur. An application of lime-sulphur either in the fall after the leaves have dropped or else in the spring, before the buds open, will control leaf curl perfectly, says Dr. E. E. Clayton, plant pathologist at the Ohio State University. The main advantage of the fall spray is that in the spring the ground is often soft and it is hard to get into the orchard at the right time. The fall and spring spray are equally effective in controlling the curl.

If San Jose scale is not one of the pests to be combatted. Lime-sulphur of standard strength (testing 32 degrees Baume) diluted one to fifteen may be used with excellent result

If San Jose scale is present the regular dilution, one to eight should be used.

T. H. Parks, extension entomologist at the University, states that for controlling scale the fall spray is just as effective as a spring spray, the only advantage of the latter being that it will also help control aphids.

RAILROADS TO ENTER COURT FOR RULING

Washington, Nov. 16.—The railroads of the country plan to enter the courts to obtain a ruling to reverse the decision of the treasury department, which has been "holding up" payment of the government guarantee to the railroads for the six months period following government control, is was learned here today. The exact nature of the proceedings has not been determined and the plans of the roads have not definitely materialized, according to those in charge of the case. The railroads also have plans which they will present to congress, when it reconvenes next month, for the payment of the guarantee remaining unpaid in installments.

WASHINGTON C. H. LOSES FIRST GAME IN TWO YEARS

Washington C. H. High School football team lost its first game in two years to Circleville High at Circleville last Saturday afternoon by the score of 12-6.

Last season, the team was not defeated once and was feted as a victorious team. This year Coach Moorehead's team seemed bound to repeat this record, and had not lost a game until the struggle on the Circleville field.

Rippling Rhymes by Walt Mason

LINGERING FLIES.

The flies should all be dead when bleak November comes, but some are on my head, a-twiddling of their thumbs. And when, for some repose, I to my couch repair, they climb around my nose, and make me rise and swear. They're out of season now, and so have no excuse for camping on my brow and tickling like the deuce. In summer we expect a plague of bugs and flies; things wouldn't seem correct if none should greet our eyes; but when November brings the frost we've long desired, the buzzings and the stings of insects make us tired. The flies I'd gladly teach, if I had half a chance, that there's a time to preach, and there's a time to dance; and there's a time to crawl upon a mortal's head; and there's a time to fall and slumber with the dead. All things, when out of date, are trying to the soul; in summertime we hate to blow ourselves for coal. We do not love the guy who jests when jokes are wrong, nor do we like the fly that sticks around too long. Leaves have their time to fall, and roses to depart; the fly upon the wall should take this truth to heart.

HENRY FORD MAY BUY S. T. & P. TRACTION LINE IT IS RUMORED

Rumors that there is a possibility of Henry Ford purchasing the Springfield Troy and Piqua traction line, on which passenger service was suspended some weeks ago, has been current in Troy, although little credence of the rumor can be found.

The S. T. & P. is connected at Maitland with D. T. & I. steam railroad which is now owned by Mr. Ford, and it was said that Ford was contemplating the purchase of the tractions as a feeder to his road. A rumor that he had travelled over the traction line could not be verified in Troy, where he is supposed to have stopped.

It is now hoped that the line will resume operations soon under a plan to place the money of the bondholders and the money of the subscribers on the same basis in an effort to rehabilitate the road and it is claimed that if the bondholders accept the proposition there will be no difficulty in raising the full amount of subscriptions which will equal the sum that the bondholders are willing to invest in the property.

The citizens living along the road have subscribed $62,000, while the amount asked is $75,000 but some have been unwilling to subscribe as the bondholders so far have demanded that their interests be first protected The report that employes laid off some time ago have been requested to return to work is taken as indication that the road will resume passenger service soon.

EIGHT ARE INJURED IN ACCIDENT IN DAYTON TUESDAY

Eight people were injured, one seriously, when slippery rails, are alleged to have caused a collision between a Big Four freight train and a Peoples line street car at the Bollender avenue crossing in Dayton at 2:30 o'clock Tuesday afternoon.

The injured are Motorman Elmer Gossitt, 203 Babbitt street, injured in back and head and possible internal injuries, at St. Elizabeth hospital; Mrs. Joseph Snyder, 418 Livingston avenue, minor injuries and shock, at St. Elizabeth's; Mrs. Alice Steele, Chillicothe, minor injuries and shock at St. Elizabeth's; Frank Schell, 149 Wildwood avenue, injuries treated and taken home; Lester Leckrone 314 Pontiac street, injuries treated and taken home; E. Bennett, 309 Huffman avenue, slight injury; James Thorne, 126 Sears Street, slight injury and Frank Beh, 2130 East Second street, slight injury.

It is thought that Gossit blinded by the snow storm did not see the approaching freight train until too late and that his brakes refused to work on the slippery rails. In an accident shortly before that a Ford car owned by John Dodson, 721 So. Wilifred street, Dayton, was demolished by a Big Four train, when the auto driver was blinded by snow and failed to see the locomotive.

LEADING STOCKS ARE ACTIVE AT OPENING

New York, Nov. 16.—Stock market conditions were maintained at the opening today as they were at the close yesterday. Leading stocks were active and strong and made sharp advances, while some specialties including the copper group were heavy and without special demand.

Gains in the leading issues ranged from 1 to over 3 points wth supply of stock at advances so scant as to be the subject of comment. Steel common advanced ⅝ to 83 ⅜. Baldwin Locomotive rose 2 points to 101. Mexican Petroleum rose nearly 3 points to 165 ½. Southern Pacific made a gain of over one point to 111 ⅜ and Reading also advanced one point to 91 ½. Pan American petroleum rose 2 points to 79.. Anaconda continued in supply yielding to 41 ⅝ but Utah copper rose ⅞ to 53 ½.

Beauty Chats

WHEN YOU RIDE

Recently there has been a revival of interest in horseback riding. This may be because the automobile is losing its novelty. In any case, it is a splendid idea and should be encouraged as much as possible, for there are few things more healthful and few things that will be of more benefit to the woman who wishes to beautify herself.

It is well known, of course, that horseback riding is excellent for the digestion. This fact alone would make it a means of improving the complexion. And it does improve the complexion—not only because it acts upon the digestion—but because it gets the woman out of doors where she breathes pure air and where she comes into contact with new scenes and new faces.

So if you can possibly ride by all means take it up as a pastime, even in bad weather. You do not need an expensive racing horse and you do not need an ultra smart riding habit. It is much healthier to ride astride ;it is easier on your spine and on the horse to ride in that fashion. You will of course, need a divided skirt, or better yet, a habit with knickers and a long skirted coat. Such a habit can be made at home with very little trouble patterns can be had from all the good pattern companies.

If you wear knickers you will either have to purchase the regular riding boots which are expensive or you will have to wear high shoes and leather or spiral puttees. These spiral puttees cost very little and if necessary can be made at home by cutting pieces of felt into strips. There is a certain art in learning to wind them comfortably, but any masculine member of your family who has been in the army will tell you how it is done.

Anxious, and a Worried Reader.—Only a little can be done to rid the skin of pimples by external applications. The source of pimples is in the digestion or the bowels and must be treated there. A diet of simple foods that do not tax the system, wth enough fruit and vegetables to insure proper elimination, is usually all that is necessary. As far as external treatment goes, pimples can be dried up by rubbing them with a mixture of ether and alcohol—half and half; and by using sulphur soap and sulphur ointment on the skin.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed will olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Ford
THE UNIVERSAL CAR

RELATIVE TO A CHANGE OF MODEL

There has been circulated throughout the country a great many erroneous reports about the new model of car to be built by The Ford Motor Co.

HERE IS WHAT THE FORD MOTOR CO. HAS TO SAY ABOUT IT:

"Purchases of raw materials are being made and have been made for the production of the present model of car. The same types of cars as are now being manufactured will be continued throughout the next season. Rumors of a new car as have been circulated are without foundation."

The orders on our files are piling up more and more every day, and now that the company has stated as above we are sure the file will show a material increase.

Place your order today for a reasonably prompt delivery.

Further information cheerfully given.

"Our Budget Plan will bring the New Edison this Xmas!"

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for *you*.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost,—and makes 1921 thrift pay for the balance.

ACTION FOR IRELAND NEEDED NOW, SAID

Washington, Nov. 16—Action to aid Ireland cannot be postponed as the situation in that country is such that "delay will bring aid only to devastated land and to a remnant of people," Eamonn de Valera, "president of the Irish republic," declared today in opening a conference of Irish sympathizers. "The English government," he aded, "is apparently ready to advance from horror to horror, and the Irish people on their side can never surrender their birthright."

DeValera told the conference that in forming a new organization it would be worse than useless, unless the organization was made broad enough to embrace every sympathizer with Ireland's right.

PEACE IN BASEBALL CIRCLES ASSURED

New York, Nov. 16.—With peace restored and Judge K. M. Landis firmly seated in the saddle as baseball's all powerful head the magnates settled down this week to prepare for a prosperous season in 1921.

There will be little or no explanation in baseball circles with regard to the drawing up of a new national agreement until after Thanksgiving, but according to President John Heyler of the National League, it is planned to get the minor and major league committees together shortly after "turkey day" in order to complete the draft of a new agreement in time to present it to the American and National Leagues at their annual meetings next month.

WHAT TO WEAR AT INFORMAL AFFAIRS

So many women are in doubt as to what is the proper costume for wear when away from home and staying at a hotel or club. Here is an outfit which may be worn at any hour of the day with due propriety. It is particularly pleasing for afternoon hours, for luncheon or early dinner in the hotel or restaurant, or for the afternoon tea or bridge party as well as for the matinee or social call.

WHAT ARE YOUR CHANCES OF SUCCESS

Do You Step Out with Snap and Vigor? Are You Able to Get Things Done?

DON'T STAND IN YOUR OWN WAY

People with Thin, Weak Blood Have a Hard Time of it. They Should Take Pepto-Mangan

Look at the facts of your health. So much depends on having red blood. If you stand up in front of your work with half-starved blood in your system you are standing in your own way. You are bloccking your own progress.

Thin blood makes you dull. It makes you pale. You take no enjoyment out of your work. It is only half as good as it should be.

You can remedy that condition so easily. Begin taking that fine tonic, Pepto-Mangan, today and keep it up for awhile. Your blood will become nourished. Pepto-Mangan makes red blood corpuscles. You will get energy and strong power of resistance. Instead of standing in your own way, you will push yourself ahead because of greater vitality.

But be sure you get the genuine Pepto-Mangan. It is put up in both liquid and tablet form. Ask for "Gude's" and be sure that the name is on the package. The tablets or the liquid have the same medicinal value.

OHIO FEDERATION OF WOMEN'S CLUBS

By Mrs. George Elliott McCormick

Art Department's Plan.

"Science is systematic knowledge —a . is knowledge made efficient by skill."

That has been made the slogan of the Ohio federation's art department head, Mrs. John MacKee, Springfield. She asks her fellow Ohio clubwomen, individually and as clubs, to co-operate with her in using the best means possible in carrying out the following recommendations:

1. That a department of art be created by the national government. America is young and undeveloped when it comes to natural art.

2. That the state create an art commission in Ohio, the duty of which will be to encourage the establishing of more industrial art schools so that there can be no lack of trained workers in the silk, rug and pottery factories or in other industries where trained hands are needed.

If interested in art slides, get in touch with Mrs. MacKee, who has the booking of two sets, "Art in the Home," for December, and "Color and Furniture," for March. She also has in embryo, plans for a new set of slides on some phase of civic art. The state art committee for 1921-22, of which Mrs. MacKee is the chairman, is made up of Mrs. A. Acton Hall, Piqua; Mrs. P. B. Williams, Toledo; Mrs. J. B. Thresher, Dayton; Mrs. W. S. Stearns, Wyoming; Mrs. A. C. Tipton, Logan; Mrs. Edward A. Williams, Jr., Lima, and Mrs. William O. Thompson, Columbus.

County Federations.

Mrs. Hermine Z. Hanson, Akron, vice president of the Northeast district, announces that three of the twelve counties in her district have county federations which, she says, accomplish much better results, because of the wider field, than the city federation.

Ashtabula county, which is in the Northeast district, has the distinction of being the first county in the state thus federated. This federation meets in May and October, discussing civic matters and, in fact, all questions pertaining to city and country life. Mrs. Hanson wants discussions the value of city and county federations to become a part of the programs of all the clubs, so that if called upon to act relative to county federations they will know all about the plan. "Federation means greater responsibility and influence," Mrs. Hanson declares.

Ohio Federation Notes.

Vice presidents of all the federation's districts in the state ask that every club president forward club programs to the vice president of the district in which she may be a member. This is a little detail that ought not be neglected.

The Faculty Women's Club at Kent November 18 heard a very instructive address on parliamentary law by Mrs. Cornelius Selover, Cleveland, Ohio, federation parliamentarian. All members of the Kent federation were guests of the Faculty Club upon that occasion. American music was presented in an exceptional program by the Cecelian Club at Washington C. H., at its November meeting. Mrs. Walter Meek, Denver, Colorado, delighted with "Who'll Buy My Lavendar?" and "Even Song."

CAUSES SENSATION AT LEAGUE SESSION BY NEW DEMAND

Would Include All Recognized Nations In Pact.

Geneva, Nov. 17.—Foreign minister Puetreddon, of Argentina, caused a sensation at the opening of today's session of the league of nations assembly meeting by declaring that all recognized nations ought to be admitted to membership.

"Argentina considers that every recognized nation should be taken into the league of nations," declared the south American statesman. "Otherwise we shall create dangerous antagonism and create a new alliance against the league."

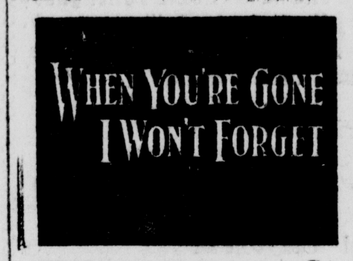

This declaration was considered significant in view of conflicting reports concerning Germany. Although the German foreign office was quoted as saying that Germany would not seek admission was said that a neutral country might act for Germany in seeking her entrance into the league.

WORK TO BEGIN

Washington, Nov. 16.—James W. Good of Iowa, chairman of the house appropriations committee, has telegraphed members of the committee to be ready to begin work on the sundry civil appropriations bill, which is the omnibus budget bill for the government. Rep. Good will arrive in Washington late today.

This Love Song Brings $10,000

The musical extract below is an excerpt of: WHEN YOU'RE GONE I WON'T FORGET, one of the prettiest love songs written since SILVER THREADS AMONG THE GOLD. For the copywright of this ballad, the publisher paid $10,000. This song is the answer song to that stupendous song success which has been sweeping the country: WHEN I'M GONE YOU'LL SOON FORGET and it will become just as popular. The extract of the chorus below was clipped from a copy of the song just received.

This song will no doubt win great fame throughout the country owing to tis wonderful lyric and tuneful and catchy melody which are well blended together. When once heard it will never be forgotten. It is splendiddly recorded for Player Pianos and Phonographs.

WILL HOLD MEETING TO DISCUSS CITY BEAUTIFYING WORK

Members of the city beautification committee of the Chamber of Commerce, who met last Monday evening at the home of Miss Emma King, one of the committee members, will meet there again next Monday to discuss plans being tentatively considered to further beautify this city.

The committee consists of Dr. B. R. McClellan, chairman, Dr. A. M. Patterson, H. A. Higgins, C. L. Darlington, John E. Daly, John W. Prugh J. W. Santmyer, Miss Emma King, Mrs. Mary Meredith and Miss Emma Davidson.

The committee is planning to hold an old fashioned town meeting, at which time the recent paving work will be reviewed and plans for beautification, by the addition of flowers and shrubbery will be discussed. An intensive campaign to develop sentiment in the beautification movement will probably be held in the spring.

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" Then Breaks Up a Cold In a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

BANK, CONDUCTED ENTIRELY BY WOMEN, TO AID SISTERS IN BUSINESS VENTURES

Mrs. R. M. Snover, standing, and Mrs. L. Edna Hawman.

The woman's bank of Philadelphia, which is officered and "manned" by women, is in process of organization. The bank's main object will be to aid women who want to go into business for themselves. Mrs. Bessie M. Snover, secretary of the law school at the University of Pennsylvania, and Mrs. L. Edna Hawman are two of the pioneer workers in the project.

ESSEX MOTORS

An Essex Advantage That All Acclaim

The distinction of performance which rates the moderate-priced Essex among the fine cars of the world is by no means confined to its greater speed, acceleration and hill-climbing ability.

Official proofs remove its supremacy in those qualities from debate. No car of its motor size ever matched them. Some of its marks were never equalled by any car, regardless of size, price or type.

Thus Essex Takes Rank With the Greatest Cars

Yet if one quality, more than another, causes men to link Essex in merit with the costly cars, it is its ease of motion, and elastic smoothness in action, which have no counterpart among light cars.

That is the enchantment Essex owners admit they value next to its reliability. Even long association they say does not dispel the impression of riding in a large car.

We know in all candidness that few men ever have call for such speed and power as Essex possesses. Yet no owner mistakes it for useless surplus. This excess ability is valued chiefly because it does the ordinary task without effort. And because men like to have capacity that can meet exceptional calls for power, speed and acceleration, with an ease and absence of strain that brings no concern as to its accomplishment.

The satisfaction and enthusiasm of nearly 50,000 owners contents us to leave the judgment of the Essex in their hands.

OPPORTUNITY SCHOOL IS PLANNED BY LOCAL ASSOCIATION

At the meeting of the Parent-Teacher Association held in the portable building Tuesday afternoon, plans were adopted for the organization of an opportunity school to be organized for the instruction of pupils who have been handicapped in their regular school work, because of both physical and mental deficiency. The plans of the association arrange for the new school to be placed in the Episcopalian Parish House.

It was decided to take the children under the care of the association to the extent of furnishing them with warm lunch at noonday, and providing clothing and baths for those who need these.

This is a movement that is being put forward by the Parent-Teacher Associations, various civic and commercial clubs and similar organizations all over the country. The school can, and should provide for as much of what they lack as possible, is the opinion of Superintendent Waltz.

"To this end we can make these children happy and contented in school, and thus give them every opportunity to make what advancement they can. The one great object is to make each one a better citizen," stated Mr. Waltz.

The Parent-Teacher Association is planning several projects for raising money to carry on this work, and on next Saturday, November 20, the Association will have a market, in the quarters formerly occupied by the Harding-Coolidge Club in the Manhattan block. A Tag Day will be held in connection with the work on the same day.

It is urged that the women of the organization have the support of every citizen in the city.

PASSENGER LINER SENDS OUT S. O. SF

New York, Nov. 17—Wireless calls for help were picked up here today from the Allen-State passenger liner Madagascar, which was reported in distress in a terrific gale 300 miles off the Rhode Island coast. The distress calls were picked up by the Marine division of the Police department but no details were given. The navy intelligence bureau reported that it had received no word from the liner. Providence, R. I., was the last port touched by the Madagascar.

THREE WORDS—SUIT

New York, Nov. 16—Three words spoken by Hermann P. Tappe, proprietor of a fashionable gown shop in Fifty Seventh street, to Miss Leona Meer, one of his sales ladies, was responsible today for a $15,000 damage suit, brought by the latter. The words, the complaint alleges, were: "You are crazy!"

CHICAGO RECORDS QUAKE

Chicago, Nov. 17.— An earthquake of moderate intensity was recorded on the seismograph at the University of Chicago. The vibrations started at 2:34 a. m., reached their greatest intensity at 2:51 and finally died away at 3:45, central time.

HUNGARIAN CABINET TO STAY

Budapest, Nov. 17.—Count Paul Tekey, prime minister of Hungary, announced in the assembly that he had offered the cabinet's resignation to the regent Admiral Nicholas Horthy, who declined to accept it. The cabinet was formed July 20, 1920.

With The Women of Today

The number of appointments of women to public offices and government positions is fast increasing Almost every day brings to notice some new appointment where a woman is given distinction or preference. It is also a noticeable fact that the appointments are made for jobs which are particulary suited for women.

Dr. Katherine Herring is the woman to receive the most recent appointment to public office. Dr. Herring was inspector of immigration and served in Washington drring the war in the department of labor. She has just been made head of the new woman's bureau for the department of immigration. This bureau will care for women and children among the newly arrived immigrants. Dr. Herring, who is said to be one of the best known authorities on immigration in the United States, is also known for her expert knowledge of psychology and psychoanalysis.

G. O. P. WOMEN TO HAVE THEIR OWN CLUBHOUSE

Republican women soon will have their own clubhouse in New York city. This was announced recently by Mrs. Arthur Livermore. While this is no new proposition, having been developed during the pre-convention campaign last spring and the later active compaigning for the candidates it was set aside until after election. It is expected the national Republican committee will help in establishing its feminne wing in a home of its own.

Although it was intended that the different groups of the state and city Republican women should be housed, no decision has yet been made as to whether the national women officials of the party shall maintain offices there. There will be accommodations or non resident as well as resident members.

Two thousand women in New York and many more throughout the state are enrolle din the organiatizon which has been growing by leaps and bounds since the election.

Health turns the 'Clock Backward

Healthful Kidneys A Winter Necessity

HEALTH TALK No. 11.
By G. C. DONOHOO, D. C. Ph. C.

The kidneys control the action of the skin and are the heat regulators of the body. During the season of the year when there are quick changes from the warmth of day to the chill of night, or the body must adapt itself to a change from the extreme of outdoor cold to indoor comfort, the kidney sufferer is in constant danger.

Kidney weakness and inefficiency in adapting the body to sudden changes, is apt to cause lung congestion or pneumonia. Kidney weakness is due to pressure upon spinal nerves at the spine. By chiropractic spinal adjusting this pressure of hard bone upon soft nerve tissue is lifted, and the nerves energy flows freely once more. After adjusting the kidney vigor comes back to normal and health follows as a matter of course.

BACHACHE AND KIDNEY TROUBLE IS NOW GONE

"Before taking chiropractic adjustments I was bothered with my back and kidneys so badly that I could not sleep after two in the morning. Now I sleep all night, and my health is sound and vigorous once more."—Marion Morgan, Chiropractic Research Bureau, Statement No. 1237H.

When you have a Spinograph (X-ray plate of your spine) taken you can see for yourself the cause of your poor health.

FAYETTE COUNTY AUTO CLUB WILL GIVE LOCALS AID

A number of members of the Fayette County Automobile Club will accompany Secretary Allen of that organization to this city next Saturday, when the latter will address the general meeting of everyone interested in the formation of an auto club in this county, to be held at the Chamber of Commerce at 7:30 o'clock.

Fayette county has one of the best county clubs in the state it is thought. Secretary Allen will give concisely an explanation of the advantages to Greene County motorists in that organization. Dr. A. C. Messenger, chairman of the Chamber of Commerce committee on the formation of an auto club will be chairman of the meeting, and there will be a smoker.

HAD CATARRH AND BAD COLD

Dayton lady weak and nervous. Couldn't sleep well

HYPO-COD JUST WHAT SHE NEEDED

"I was suffering with a cold which had brought on catarrh and I was in a weak, rundown condition. I had no ambition and felt as if I couldn't work when I read the Hypo-Cod advertisement and bought a bottle.

"Today as a result of using this splendid tonic I have a better appetite. My housework I do with ease and did a big washing and still felt good. A few weeks ago I could'nt have dreamed doing it. I rest better nights and the catarrh is about all gone though I've not finished my second bottle as yet," declared Mrs. Butte 1261 W. First St., Dayton, O.

When the catarrhal and bronchial trouble is bad one certainly does not enjoy life. Cold coughs, and that dead weary feeling is almost certain to follow unless a tonic is taken and the system is toned up.

Go down to the drug store tonight and ask your druggist about Earle's Hypo-Cod. Read the formula on a bottle . Ask your physician about it Druggists, chemists and experts assert it is good. Surely you will give it a trial. It is very pleasant to taste.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns .

CICOTTLE UNDER BOND TO APPEAR AT TRIAL

Chicago, Nov. 17.—Eddie Cicotte, White Sox pitcher, whose confession that he and seven of his teammates had been bribed to "throw" the 1910 world's series to Cincinnati one of the sensations of the recent grand jury probe of baseball dishonesty, is today under bond of $5,000 to appear for trial. Attorney H. P. Cassidy of Detroit, representing Cicotte, gave assurance to the state attorney here that the pitcher would turn state's evidence and tell at the trial substantially the same story he told to the grand jury.

NEGRO IS ELECTED

Cleveland, Nov. 17. — Harry E. Davis, Republican, one of the three negro candidates for the legislature from Cuyahoga County, has won out in the race for the lower house. The official count placed Davis 784 votes ahead of George W. Green, Republican whose election had been announced.

WERTZ PICKS ASSISTANT

Cleveland, Nov. 17.—The appointment of Delos J. Neednam as assistant U. S Attorney was announced today by U. S. District Attorney E. S. Wertz, Mr Needham will fill the vacancy caused by the resignation several weeks ago, of Richard S. Douglas.

LEGAL NOTICE

Notice is hereby given that sealed bids will be received at the office of the Auditor of the City of Xenia, Ohio, until 12 o'clock noon, on the
23rd DAY OF DECEMBER, 1920
for the purchase of the following real estate and personal property, to-wit:

Tract 1.—The following real-estate, situate in the county of Greene, State of Ohio and in the Township of Xenia, bounded and described as follows: Being part of Military Surveys 2241 and 2243; Beginning for the part hereby conveyed at a stake S. E. corner of a lot now owned by Andrew Fisher, and original line of Henry Hypes, and in the westerly edge of the gravel on the Cincinnati pike, a witness stake bearing N. 61 deg. 15' N. 36 links; thence with said old Hypes line and the edge of the gravel on said pike, S. 28 deg. 45' W. 8.04 poles to a point in said pike N. E. corner to a lot owned by Doogan where a witness stake bears N. 61 deg. 15' W. 36 links; thence with the line of said Doogan N. 61 deg. 15' W. 44.05 poles to a stake in the right of way line of the Pittsburgh, Cincinnati, Chicago & St. Louis Railway; thence with the right of way line of said railway 9.69 poles to a stake in the said right of way line; thence with the line of Andrew Fisher's lot S. 61 deg. 15' E. 38.66 poles to the place of beginning containing 2.08 acres of land.

Tract 2.—Situate in the County of Greene, State of Ohio and in the Township of Xenia, bounded and described as follows: Being a parcel of land, being part of Military Surveys 2241 and 2243; Beginning at a stake in the center of the Cincinnati, Lebanon and Xenia turnpike road and corner to a lot conveyed by Samuel Wilson to John Moore; thence with the line of said Moore's lot N. 61 deg. 15' W. 38 poles to a stake corner to said Moore and ten feet at a right angle from the fence to the southeasterly side of the Little Miami Railroad; thence parallel with said railroad S. 62 deg. 15' W. 4.51 poles to a stake; thence S. 28 deg. 45' W. 4.28 poles to a statke; thence S. 61 deg. Tract 3.—Situate in the County of Greene, in the State of Ohio and in the Township of Xenia bounded and described as follows: Being all that part of a six (6) acre lot owned by said Rinck and more fully described in Vol. 61 page 391 Land Records of Greene County, Ohio, which lies west of George Doogan's lot and right of way and line of Little Miami R. R. and lying north of the branch running westward from the S. W. corner of said Doogan and described by the following metes and bounds; Beginning at the southwest corner of said Doogan's lot on the bank of said branch; thence N. 57 deg. 20' W. 134 feet to a stake on the bank of said branch and in east right of way line and made by this conveyance corner to said Rinck; thence with said right of way line, it being a curved line N. 59 reg. 30' E. 250 feet to a point in said right of way line; thence S. 27 deg. 10' passing a stone at 83.3 feet 214.8 feet to the place of beginning, containing 14512 square feet of land, be it the same more or less equal to one-third of an acre of land.

Tract 4.—Situate in the County of Greene in the State of Ohio, and in the Township of Xenia bounded and described as follows: Being part of Military Survey No. 387 originally for 1,200 acres on the waters of Old Town Run, a branch of the Little Miami River: Beginning at a stone in the south line of John B. Wright's farm; thence N. 28 deg 36' W. 38.18 rods to a stone; thence S. 58 deg. 4' W. 52.18 rods to a stone in the center of the Xenia and Oldtown pike; thence with the center of said pike N. 4 deg. 22' W. 1.18 rods to a stone in the center of said pike; thence N. 58 deg. 4' E. 42.75 rods to a stone; thence N. 52 deg. 45' E. 61.7 rods to an ash tree in the line of James Bryson; thence with the line of said Bryson S. 31 deg. 45' E. 50.18 rods to a stone corner to said Wright; thence with the line of said Bryson S. 61 deg. 30' W. 66.6 rods to the place of beginning, containing 18.21 acres, be the same more or less.

Reserving therefrom to John B. Wright, the former owner thereof the right to use the roadway herein conveyed as a means of ingress and egress from the rear fields on his said farm.

Tract 5—Being a part of said Survey No. 387; Beginning at an ash tree in the line of James Bryson, a northerly corner to the above described tract; thence with the line of the above described tract S. 51 deg. 45' W. 61.7 rods to a stone in the line of said Wright; thence with his line N. 28 deg. 36' W. 5.22 rods to a stone corner to said Wright; thence again with said Wright's line N. 51 deg. 45' E. 61.15 rods to a stone in the line of said Bryson; thence with his line S. 31 deg. 45' E. 9.13 rods to the place of beginning, containing 3.49 acres of land be the same more or less. Reserving to John B. Wright, the former owner, the right of way 12 feet wide across the west end of said tract.

Tract 6.—Situate in said Military Survey, being all the water rights and privileges of whatsoever kind and nature including the right to maintain a dam on Oldtown Run at its present location and to maintain a canal or race therefrom, and to take the water from said stream which was conveyed to F. N. Linkhart, through John Day and wife by deed dated August 27th, 1879, recorded in Vol. 62 at page 59 Records of Deeds of said Greene County. The right is also hereby conveyed to said grantees to use all the water flowing into said canal or race from certain springs located on the land of said grantees (formerly owned by John B. Wright) adjacent to said canal or race. The right is also conveyed to said grantees to take all the water from said dam, race or canal at such point as said grantees shall designate, but the said grantees herebye agree that they will take no water from said dam, canal or race (except such as they shall need for condensing purposes, which afer use shall be returned to said canal or race) without first having sunk a well or wells upon their premises and having exhausted the supply of water therefrom. The right is also hereby conveyed to the said grantees to go upon the premises of said Linkhart or the premises where said dam and canal or race is located, to repair said dam and canal or race, or to rebuild the same, if for any cause said Linkhart or his assigns shall fail to keep the same in repair, or shall fail to rebuild the same if destroyed, but the dam shall not be raised above its present height without the grantors consent.

It is further agreed and understood, that the surplus water from said springs, not used by said grantees, shall shall be conducted by them to said canal or race, and allowed to flow therein, and whenever it shall become necessary for said grantees to clean out their reservoirs at said springs, they shall draw the water therefrom and conduct it across the canal or race aforesaid and into the present overflow or water-way of said grantor, in such a manner as to do his said canal or race no damage; and it is further understood and agreed that said grantees shall make good to said grantor all damages to the embankments of said canal or race or from the filling up of said race or canal, by soil or other substance caused by any act of said grantees. It is further understood and agreed that said grantees shall use only such amount of water from said dam, race or canal, as shall be sufficient to supply with water the City of Xenia and surrounding territory.

ALSO the following personal property: All the pumps, boilers, connections and valves, contained in the two pumping stations on the aforesaid real estate, together with all other equipment including pipe lines. Said property is to be sold and conveyed to the highest bidder by a general warranty deed therefor, for cash.

Bids will be received upon the aforesaid personal and real property in the following manner:

1. The Cincinnati Pike real estate, separately:
2. Any or all items of personal property located at said Cincinnati Pike Station;
3. The real estate and any and all items of personal property as a whole;
4. The Springfield Pike real estate, separately;
5. Any or all items of personal property at the Springfield Pike station;
6. The real estate and any or all items of personal property as a whole.

And said property will be sold in whichever way will bring the most money.

Each bid must be accompanied by a certified check for three percent (3) of the amount of each bid to show good faith on part of purchased. Checks of unsuccessful bidders will be returned immediately; and checks of successful bidders will be retained until the purchaser has settled for said property.

The right is reserved to reject any and all bids.

New York, Nov. 17.—The Western Union Telegraph Co., announced completion of arrangements with the German telegraph administration for the handling of cable traffic between Germany and the U. S.

In order to facilitate the large amount of traffic which is expected to devolpe, it is reported that plans are under way for laying of a direct cable between the U. S. and Germany.

The long-standing controversy between the state department and the Western Union reached the stage of an open break, the company refusing to handle any more cable messages for the department except upon prepayment of tolls.

The company's order was issued on Nov 10th and ostensibly was to apply to all departments of the government. It was understood, however, that messages sent by other departments had been excepted informally from the ruling.

The Western Union Co., is said to have based its action on the delay by the department in making payments on cable messages previously handled. Department officials asserted in Washington that it was in their opinion a step in retaliation for the failure of the department to permit the landing of a cable at Miami, Fla., connecting at Barbadoes with a British cable from South America.

WEATHER WILL NOT STOP THE WORK

Unless the weather turns much colder, the present blizzardy weather will not interfere greatly with the progress of the work of the Miami Conservancy District, according to Arthur E. Morgan, chief engineer of the conservancy.

Mr. Morgan said that the snow would slow up the work somewhat, but that it will not hinder the progress of the work otherwise. Cold and disagreeable weather that would keep the men from working would be the only cause of stopping the work.

DAYTON FILM CO. INCREASES CAPITAL

The Pyramid Film Company, of Dayton, which has been making advertising and industrial films for the last five years, has increased its capitalization from $12,000 to $250,000 and plans to soon put out both news and exhibition films.

H. E. Hollister, president of the firm, says there is every opportunity to make Dayton a motion picture center.

Lightning HOT DROPS

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

RECIPES FOR A DAY

Creamed Rice With Malted Milk—One cup seedless raisins, four tablespoons malted milk, two cups boiling water, three cups steamed rice (hot). Season, salt and little butter and sugar. Into a baking dish place rice; add raisins; mix water with malted milk and stir gradually until smooth. Add sugar, salt and a teaspoon melted butter as desired for seasoning. Bake slowly thirty minutes.

Diced Beef en Casserole With Vegetables — Two pounds beef (boiling) diced, two cups diced potatoes, one cup diced carrots, one-half cup diced celery, one onion diced large. Stew beef slowly until tender; season salt, pepper; thicken gravy. Have all vegetables cooked. Place all ingredients, vegetables and meat into caserole and place in moderate oven for thirty minutes; remove, serve hot; season more if desired and use some beef suit with meat. Use any fat that comes with it and ask for more if necessary for richness.

Layer Cake.—Place one cup of sugar in a bowl and add yolk of one egg, two whole eggs. Cream until light and then add one-half cup of shortening. Cream again and then add one-half teaspoon of mace, three cups of flour, four level teaspoons of baking powder, one and one-quarter cups of milk or water. Beat to mix. Bake in two layers in a hot oven for twenty minutes. Cool and then spread with jelly and put together. Cover with chocolate icing, which is made as follows: One cup of white sugar, one tablespoon of cornstarch, one-half cup of cocoa. Stir together and then add sufficient boiling water to make the mixture spread, then add two level teaspoons of butter, one teaspoon of vanilla, one-half teaspoon of cinnamon extract. Beat to mix and then spread on the cake.

GOOD SOUPS.

Cream of Tomato Soup—One-half can tomatoes, one small tablespoon sugar, one-quarter teaspoon soda, one-quarter cup butter, one quart milk, one slice onion, four tablespoons flour, one teaspoon salt, one-eighth teaspoon pepper.

Scald milk with onion; remove onion and thicken with flour mixed with cold water until smooth enough to pour. Cook twenty minutes, stirring constantly at first. Cook tomatoes and sugar fifteen minutes; add soda and rub through a strainer. Combine mixtures and strain into a heated dish over butter, salt and pepper.

Clam Bisque—Twenty-five large clams in shell (alive, one large cup milk or cream, two tablespoons butter, two tablespoons allspice, two tablespoons flour, yolk of one egg.

Wash clams thoroughly; put in kettle with one pint boiling water and cook until shells open. Remove the clams and separate the dark part from the soft part and discard it. Chop clams finely and add them to the water in which they were cooked. Boil until thick and well cooked; then add allspice. Heat the milk. When ready to serve, pour milk into clam broth; add the well beaten egg yolks and a dash of red pepper, and strain.

GRANGE GOING TO OREGON

Boston, Nov. 17.— The National Grange voted to go to the state of Oregon next year. The invitation was extended in the name of Portland. Kansas withdrew from the contest on agreement that the grange would be there in 1922. W. H. Thompson, master of the Maine grange, invited the organization to meet in that state in 1923.

NAN FINDS A NEW WAY OUT

Chapter 15

Clara and I had a wonderful morning looking first for the carriage, then doing other errands. I took the $40 one, although I might have saved even more than the $5 Dick had suggested had I been content with a plainer one.

Clara bought several things—veils gloves, silk stockings, charging them all. I let her charge a veil on her account for me. It was a beauty and when I held it over my face I couldn't resist it. Never before had I paid over 25 cents a yard for a face veil and this was a dollar a yard.

"I feel horribly extravagant!" I said to Clara.

"Nothing that makes one look better is extravagant; that veil is wonderful on you."

We had luncheon at a tea room, each paying our own check. Long ago we had decided that whenever we were out together we would "go Dutch." Then after luncheon we walked down the Avenue looking in the windows. There were so many thigns I wanted—beautiful things, entirely inappropriate to my position but so lovely of themselves I gave that no thought and was envious only because of my inability to have them.

It was 4 oclock when I reached home. Mrs. Dooly was cross. I had not expected to be gone so long, and I had to pay her more to placate her.

"Well, Nan. Did you go shopping today?"

"Yes, and just wait until you see the carriage—and see baby in it."

"What did you pay for it?"

"Forty dollars. I bought the one I told you about."

Dick stifled a sigh. Then he said cheerily:

"Well, now that it is bought I hope you will have as much pleasure out of it as you have anticipated. Even if your object has been to make others jealous by showing off Junior in all his plendor! Did you get anything else?"

"Nothing but a veil."

Naturally Dick asked no questions about so trifling a thing as a veil. Perhaps if he had, a habit—the beginning which had been that day started—might have been discouraged ferore it had been formed—that of getting things on another's charge account. I have since learned that it is a habit many women have and one that invariably leads to trouble—sometimes to the breaking of long friendships.

The carriage came the next morning just before Dick left for the office.

"Whew! We'll have to rent a larger flat so that we will have a place to keep it!" Dick joked as the unweildly thing all wrapped in heavy brown paper, was wheeled into the siting room, seeming to fill it.

"Wait and see it,' I begged but Dick refused. He never was late. He prided himself on his promptness.

"Tonight will do, dear," and he was off. I called after him to come home early and we would take Junior around the block in it.

I unwrapped it, and gloated over it, putting Junior's lovely cloak and bonnet on him, then sitting him in the carriage to get the effect. I would have to get some handsome pillows, I thought the plain ones I had were entirely out of place with that beautiful coat. Then to, he would have to have a robe of some sort to cover him. It was the old, old story of one thing calling for another, one extravagance leading to a second.

Even a nice veil makes a difference," I said a loud as later in the day I adjusted my new veil before the mirror. 'It was good of Clara to have it put on her account—I wonder—" Here speech halted. I had conceived an idea. I had seen a hat I coveted in one of the shops. Clara had an account at this shop. Would she let me get the hat and charge it to her? I would pay her by the time the bill came in.

I made up my mind to ask her. If she would let me get my things that way I would have them without waiting until Dick had paid for every thing. It was a great idea.

STOP!

Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—Lillian Tharp, 824 South 6th Street, Carrollton, Ky.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a testimonial."—Mrs. Lester E. Warner, R. 1, Box 69, Onalaska, Wis.
